#### A GOOD REASON

Norwich People Can Tell You Why It Is So.

Doan's Kidney Pills cure the cause of disease, and that is why the cures are always lasting. This remedy strengthens and tones up the kidneys, helping them to drive out of the body the liquid poisons that cause back-ache, headache and distressing kidney and urinary complaints. Norwich people testify to permanent cures.

Mrs. Oscar Bjork, 159 Mt. Pleasant street, Norwich, Conn., says: "I found splendid results from the use of Doan's Kidney Pills and therefore do not hesitate to recommend them. For some time I was greatly troubled with back-ache, and when I first arose in the morning the pain was always more severe. Often if I would lie down on the couch my back would become so lame and painful I was scarcely able to arise. My mother told me that my suffering was due to my kidneys being at fault, and learning of Doan's Kidney Pills, I went to N. D. Sevin & Son's drug store and procured a box. They proved to be just what I required, and in a short time the pain and lameness disappeared and I felt better and stronger in every way. Doan's Kidney Pills fully carry out all claims made for them."

For sale by all dealers. Price 50c. Doan's Kidney Pills, Buffalo, New York, sole agents for the United States.

#### NEW CHURCH

To Be Built by Pentecostal Society in the Spring.

Danielson is going to have another new church edifice next summer, that of the Pentecostal church of the Nazarene. The fund for the purchase of the site which has been selected and is a very desirable location, close to the business section of the borough, lacks only \$85 of the \$1,000 required to purchase the lot. This balance will be secured by the time building operations can commence in the spring.

The new structure will be unique among the churches of the borough, both in design and material employed. It will be of the tabernacle style and the walls will be of native field and wall stones. This stone has a peculiar beauty and a range of coloring from white to rich brown that makes it specially adaptable to use in church construction. The church will be approximately 30x10 feet, with a vestry. To Rev. F. W. Armstrong, who came to Danielson as pastor of the Pentecostal church a few years ago, is due the credit for the success achieved towards the construction of the new house of worship. He has labored incessantly, inspired by the encouragement received from the members of his own congregation, as well as the generous support of others whom he has interested. The results attained represent more labor and continued effort than is necessary, under more favorable conditions, to create larger funds, and indicate the sincerity and worth of a clergyman who left a paying commercial position to enter the ministry, that he might do great good for humanity.

D. J. Neely, Rev. C. H. Barber, Rev. B. W. Blackman, Mrs. Gladwin department president, and Mrs. Crossin, department secretary.

#### FIRE DEPARTMENT ENGINEERS.

Newly Appointed Chief Engineer at Derby Names His Assistants for the Coming Two Years.

Eugene M. Beach, who will be appointed fire commissioner at Derby by Mayor-elect Atwater, when he takes office on Monday at noon, has announced that as soon as he receives the oath of office he will make the following appointments: Chief engineer, George A. Casey, of the R. M. Bassett Hook & Ladder Co.; first assistant, Joseph Pequignot, of the Pausagett Hose company; second assistant, Philip A. Scripture, of the Hotchkiss Hose company; third assistant, James E. Kane, of the Storm Engine company; William T. Lenihan, superintendent of the fire alarm system. Lenihan is a reappointment and the engineers are all advancements with the exception of Scripture, who becomes second assistant in place of Robert Meadowcroft, who last year was third assistant. Kane is the new man among the engineers, this being due to the fact that Chief Engineer Michael Brophy was a member of the Storms when appointed engineer, and the Storms have to take the representative at the bottom of the list this year.

#### NEW HAVEN HOTEL

To Be Enlarged and Remodeled Soon.

Says a New Haven paper: There are under contemplation some important changes in the capacity and accommodations of the New Haven hotel. Mr. Moseley has purchased the property of H. A. Warner, which adjoins the College street side of the hotel, and the project includes the possible purchasing of a couple of houses which adjoin this property. The idea in view, according to Mr. Moseley, is the possible turning of the College street side of the house with its additions into an apartment hotel of the first class. Then he has under contemplation additions to the main hotel building which in-

clude the possibility of raising it in height and adding adjacent property on Chapel street, including the present Quinlan club building.

#### STATE GAME PRESERVE.

Commissioners Lease Big Tract of Woodland in Middlebury.

John H. Whittemore of Naugatuck has leased a large tract of woodland in Middlebury to the state game commission for a term of 25 years, and a state game preserve will soon be established there. Mr. Whittemore has been greatly interested in the work of the commission and it is understood that the lease was made for a nominal sum.

The state commissioners of fishing and game—George T. Mathewson of Enfield, John M. Crampton of New Haven and E. Hart Greer of Lyme—visited the site some time ago and were enthusiastic at the chance to annex the tract to the state preserves. In all there are 110 acres, the greater part of which is woodland. The preserve is east of Mr. Whittemore's summer home at Lake Quassapaug.

Taxicab Company for New Haven.

That the advent of the taxicab in New Haven is to be well backed is evidenced by the filing of incorporation papers last week by the New Haven Taxicab company to install and manage a service there. The incorporators are George G. Nesbit, who installed two taxicabs a week ago, Peter S. Nesbit and Robert G. Nesbit. The incorporation is capitalised at \$35,000, and while plans have not been announced, it is understood that at least a half dozen more cabs are to be placed in service here shortly if the demand proves general.
